The Premium Drive coating reduces glare and reflections from headlights, improving clarity and visual comfort while driving at night.

ANTIREFLECTIVE COATING

PREMIUM DRIVE

WHAT IS PREMIUM DRIVE?

Premium Drive is an anti-reflective coating designed to provide visual comfort in everyday activities, especially while driving or in low-visibility conditions.

It can be combined with any type of lenses, including photochromic or tinted lenses.

BENEFITS:

- reduces blinding headlight reflections
- eliminates halos around lights
- provides enhanced visual comfort while driving
- available on any type of lens

CHOOSE PREMIUM DRIVE WITH:

Senso ID — **Customized single vision lenses.**

Blend iOne — **Customized progressive lenses.**

Premium Drive provides optimal visual comfort for everyday wear.
